John, thank you for the opportunity to review this pre-draft report. We appreciate the ongoing coordination on this project. As promised, attached is a pdf with our comments. The word doc is clean. If you would like to meet to discuss our comments, I'll be happy to set something up. Thanks again.

Hi Greg and Wayne,

As we discussed last week, attached please find a pre-draft of a report entitled "Linking Aquatic Life Uses with Dissolved Oxygen Conditions in the Delaware River Estuary." If possible, we'd like any feedback you have on the pre-draft version within 2 weeks (by Feb 11th).

This will go out to a broader group of stakeholders after that for review, so there will be a 2nd opportunity for comments if needed.

Thanks,
John Yagecic
